The documents containing the information specified in Part I of this Registration Statement will be sent or given to plan participants as specified by Rule 428(b)(1) of the Securities Act. Such documents are not required to be and are not filed with the Securities and Exchange Commission either as part of this Registration Statement or as prospectuses or prospectus supplements pursuant to Rule 424. These documents and the documents incorporated by reference in this Registration Statement pursuant to Item 3 of Part II of this Form S-8, taken together, constitute a prospectus that meets the requirements of Section 10(a) of the Securities Act.

REOFFER PROSPECTUS

CopyTele, Inc.
Common Stock (Par Value \$.01 Per Share)

15,000,000 shares of Common Stock under
the CopyTele, Inc. 2003 Share Incentive Plan

The CopyTele, Inc. 2003 Share Incentive Plan is intended to provide incentives which will attract, retain and motivate highly competent persons as officers, employees and directors, of, and consultants to, CopyTele, Inc., by providing them opportunities to acquire shares of our common stock. Additionally, the CopyTele, Inc. 2003 Share Incentive Plan is intended to assist in further aligning the interests of our officers, employees, directors and consultants to those of its other stockholders.

This prospectus is part of a registration statement registering 15,000,000 shares of common stock that we may in the future issue pursuant to our CopyTele, Inc. 2003 Share Incentive Plan in connection with the exercise of stock options granted, and with stock or other awards made, pursuant to that plan. The persons who are issued such stock may include our directors, officers and/or other key employees and consultants, certain of whom may be considered our "affiliates". Such persons may, but are not required to, sell the shares they acquire pursuant to this prospectus. If any of such persons desires to sell any of such stock pursuant to this prospectus, we will file with the Securities and Exchange Commission an update to this prospectus naming such person as a selling shareholder and indicating the number of shares such person is offering pursuant to this prospectus. See "Selling Shareholders" on page 6 of this prospectus. We will not receive any of the proceeds from sales by the selling shareholders.

The selling shareholders may sell the shares from time to time in transactions occurring either on or off the OTC Bulletin Board (or such other market, if any, on which our common stock may be listed or quoted) at prevailing market prices or at negotiated prices. Sales may be made through brokers or to dealers, who are expected to receive customary commissions or discounts.

The selling shareholders and participating brokers and dealers may be deemed to be "underwriters" within the meaning of the Securities Act of 1933, in which event any profit on the sale of shares of those selling shareholders and any commissions or discounts received by those brokers or dealers may be deemed to be underwriting compensation under the Securities Act.

Our common stock is traded on the OTC Bulletin Board under the symbol "COPY". On March 13, 2006, the closing price of our common stock as reported by the OTC Bulletin Board was \$0.95 per share.

We are paying all expenses of registration incurred in connection with this offering but the selling shareholders will pay all brokerage commissions and other selling expenses.

See "Risk Factors" beginning on Page 3 of this prospectus for a discussion of certain risks and other factors that you should consider before purchasing our common stock.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined whether this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

This prospectus contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not statements of historical facts, but rather reflect our current expectations concerning future events and results. We generally use the words "believes", "expects", "intends", "plans", "anticipates", "likely", "will", and similar expressions to identify forward-looking statements. Such forward-looking statements, including those concerning our expectations, involve risks, uncertainties and other factors, some of which are beyond our control, which may cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. These risks, uncertainties and factors include, but are not limited to, those factors more fully described under "Risk Factors". We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You are cautioned not to unduly rely on such forward-looking statements when evaluating the information presented in this prospectus.

Our principal operations are the development, production and marketing of thin, high-brightness flat panel CRT displays ("Flat Panel CRTs"), and the development, production and marketing of multi-functional encryption products that provide information security for domestic and international users over virtually every communications media.

We were incorporated on November 5, 1982, under the laws of the State of Delaware. Our principal executive offices are located at 900 Walt Whitman Road, Melville, New York 11747, and our telephone number is (631) 549-5900.

RISK FACTORS

You should carefully consider the following factors and other information in this prospectus before deciding to invest in our common stock. If any of the following risks actually occur, our business and financial results could be materially and adversely affected. In that case, the trading price of our common stock could decline and you could lose all or part of your investment.

3

We have experienced significant net losses and negative cash flows from operations and they may continue.

We have had net losses and negative cash flows from operations in each year since our inception and in the three months ended January 31, 2006, and we may continue to incur substantial losses and experience substantial negative cash flows from operations. We have incurred substantial costs and expenses in developing our encryption and flat panel display technologies and in our efforts to produce commercially marketable products incorporating our technology. We have had limited sales of products to support our operations from inception through January 31, 2006. We have set forth below our net losses, research and development expenses and net cash used in operations for the three-month periods ended January 31, 2006 and 2005, and for the fiscal years ended October 31, 2005 and 2004:

	(Unaudited)		Fiscal Years Ended	
	Three Months Ended January 31,		October 31,	
	2006	2005	2005	2004
Net loss	\$ 1,239,557	\$ 1,006,494	\$ 4,451,257	\$ 3,360,655
Research and development expenses	\$ 656,588	\$ 589,953	\$ 2,266,911	\$ 2,164,427
Net cash used in operations	\$ 398,356	\$ 465,047	\$ 1,720,332	\$ 1,205,122

We may need additional funding in the future which may not be available on acceptable terms and, if available, may result in dilution to our stockholders, and our auditors have issued a "going concern" audit opinion.

We anticipate that, if cash generated from operations is insufficient to satisfy our requirements, we will require additional funding to continue our research and development activities and market our products. The auditor's report on our financial statements as of October 31, 2005 states that the net loss incurred during the year ended October 31, 2005, our accumulated deficit as of that date, and the other factors described in Note 1 to the Financial Statements included in our Annual Report on Form 10-K for the year ended October 31, 2005, raise substantial doubt about our ability to continue as a going concern. The auditor's report on our financial statements for the years ended October 31, 2004 and 2003 contained a similar statement. Our financial statements have been prepared assuming we will continue as a going concern and do not include any adjustments that might result from the outcome of this uncertainty.

We believe that our existing cash and accounts receivable, together with cash flows from expected sales of encryption products and flat panel displays, and other potential sources of cash flows, will be sufficient to enable us to continue in operation until at least the end of the first quarter of fiscal 2007. We anticipate that, thereafter, we will require additional funds to continue marketing, production, and research and development activities, and we will require outside funding if cash generated from operations is insufficient to satisfy our liquidity requirements. However, our projections of future cash needs and cash flows may differ from actual results. If current cash and cash that may be generated from operations are insufficient to satisfy our liquidity requirements, we may seek to sell debt or equity securities or to obtain a line of credit prior to the first quarter of fiscal 2007. The sale of additional equity securities or convertible debt could result in dilution to our stockholders. We can give no assurance that we will be able to generate adequate funds from operations, that funds will be available to us from debt or equity financings or that, if available, we will be able to obtain such funds on favorable terms and conditions. We currently have no arrangements with respect to additional financing. If we cannot obtain such funds if needed, we would need to curtail or cease some or all of our operations.

4

We may not generate sufficient revenues to support our operations in the future or to generate profits.

We are engaged in two principal operations: (i) the development, production and marketing of thin high-brightness Flat Panel CRT displays and (ii) the development, production and marketing of multi-functional encryption products that provide information security for domestic and international users over virtually every communications media. We have only recently started to produce color and monochrome versions of our high-brightness Flat Panel CRT displays and our encryption products are only in their initial stages of commercial production. Our investments in research and development are considerable. Our ability to generate sufficient revenues to support our operations in the future or to generate profits will depend upon numerous factors, many of which are beyond our control, including:

- o our ability to successfully market our line of thin high-brightness Flat Panel CRT displays and encryption products;
- o the capability of Svet Ltd. ("Volga"), a Russian display company that we have been working with for more than eight years, to produce thin high-brightness color and monochrome Flat Panel CRT displays and supply them to us;
- o our ability to jointly develop with Volga and produce a color Flat Panel CRT display with various electron emission systems;
- o our production capabilities and those of our suppliers as required for the production of our encryption products;
- o long-term performance of our products;
- o the capability of our dealers and distributors to adequately service our encryption products;
- o our ability to maintain an acceptable pricing level to end-users for both our encryption and display products;
- o the ability of suppliers to meet our requirements and schedule;
- o our ability to successfully develop other new products under development;
- o rapidly changing consumer preferences;
- o the possible development of competitive products that could render our products obsolete or unmarketable; and
- o our future negotiations with Volga with respect to payments and other arrangements under our Joint Cooperation Agreement with Volga.

Because our revenue is subject to fluctuation, we may be unable to reduce operating expenses quickly enough to offset any unexpected revenue shortfall. If we have a shortfall in revenue in relation to expenses, our operating results would suffer. Our operating results for any particular fiscal year or fiscal quarter may not be indicative of future operating results. You should not rely on year-to-year or quarter-to-quarter comparisons of results of operations as an indication of our future performance.

We are dependent upon a few key executives and the loss of their services could adversely affect us.

Our future success is dependent on our ability to hire, retain and motivate highly qualified personnel. In particular, our success depends on the continued efforts of our Chief Executive Officer, Denis A. Krusos, and our President, Frank J. DiSanto, who founded our company in 1982 and are engaged in the management and operations of our business, including all aspects of the development, production and marketing of our encryption products and flat panel display technology. In addition, Messrs. Krusos and DiSanto, as well as our other skilled management and technical personnel, are important to our future business and financial arrangements. The loss of the services of any such persons could have a material adverse effect on our business and operating results.

5

The very competitive markets for our encryption products and flat panel display technology could have a harmful effect on our business and operating results.

The markets for our encryption products and flat panel display technology worldwide are highly competitive and subject to rapid technological changes. Most of our competitors are larger than us and possess financial, research, service support, marketing, manufacturing and other resources significantly greater than ours. Competitive pressures may have a harmful effect on our business and operating results.

Our common stock is subject to the SEC's penny stock rules which may make our shares more difficult to sell.

Our stock fits the definition of a penny stock. The SEC rules regarding penny stocks may have the effect of reducing trading activity in our common stock and making it more difficult for investors to sell. The rules require a broker to deliver a risk disclosure document that provides information about penny stocks and the nature and level of risks in the penny stock market. The broker must also give bid and offer quotations and broker and salesperson compensation information to the customer orally or in writing prior to effecting a transaction and in writing with the confirmation. The SEC rules also require a broker to make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction before completion of the transaction. These

requirements may result in a lower trading volume of our common stock and lower trading prices.

SELLING SHAREHOLDERS

This prospectus is part of a registration statement registering 15,000,000 shares of common stock that we may in the future issue pursuant to our CopyTele, Inc. 2003 Share Incentive Plan in connection with the exercise of stock options granted, and with stock or other awards made, pursuant to that plan. The persons who are issued such stock may include our directors, officers and/or other key employees and consultants, certain of whom may be considered our "affiliates". Such persons may, but are not required to, sell the shares they acquire pursuant to this prospectus. If any of such persons desires to sell any of such stock pursuant to this prospectus, we will update this prospectus by filing with the SEC a supplement to this prospectus in accordance with Rule 424(b) under the Securities Act of 1933, as amended, or a post-effective amendment to the registration statement of which this prospectus is part, naming such person as a selling shareholder and indicating the number of shares such person is offering pursuant to this prospectus. Any selling shareholder might or might not receive or sell all or any of the shares registered under the registration statement of which this prospectus is part.

USE OF PROCEEDS

Shares covered by this prospectus will be sold by the selling shareholders as principals for their own account. We will not receive any proceeds from sales of any shares by selling shareholders.

PLAN OF DISTRIBUTION

The selling shareholders, or pledges, donees, or transferees of or successors in interest to the selling shareholders, may sell shares pursuant to this prospectus from time to time in transactions (including one or more block transactions) on the OTC Bulletin Board (or such other market, if any, on which our common stock may be listed or quoted), in the public market off the OTC Bulletin Board, in privately negotiated transactions, or in a combination of such transactions. Each sale may be made either at the market price prevailing at the time of sale or at a negotiated price. Sales may be made through brokers or to dealers, and such brokers or dealers may receive compensation in the form of commissions or discounts not exceeding those customary in similar transactions. Any shares covered by this prospectus that qualify for sale under Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. We are paying all expenses of registration incurred in connection with this offering, but the selling shareholders will pay their own brokerage commissions and any other expenses they incur.

6

The selling shareholders and any dealers acting in connection with the offering or any brokers executing sell orders on behalf of a selling shareholder may be deemed to be "underwriters" within the meaning of the Securities Act, in which event any profit on the sale of shares by a selling shareholder and any commissions or discounts received by a broker or dealer may be deemed to be underwriting compensation under the Securities Act. In addition, a broker or dealer may be required to deliver a copy of this prospectus to any person who purchases any of the shares from or through the broker or dealer.

LEGAL MATTERS

Certain legal matters with respect to the Common Stock offered hereby will be passed upon by Duane Morris LLP, our legal counsel.

EXPERTS

The financial statements and schedule, and management's assessment of the effectiveness of internal control over financial reporting, of CopyTele, Inc. incorporated by reference in this prospectus from our Annual Report on Form 10-K for the year ended October 31, 2005 have been audited by Grant Thornton LLP, independent registered public accounting firm, as indicated in their reports with respect thereto, and are incorporated by reference in reliance upon the authority of said firm as experts in accounting and auditing. The audit report of Grant Thornton LLP accompanying the balance sheets as of October 31, 2005 and 2004 and the related statements of operations, shareholders' equity and cash flows for each of the three years in the period ended October 31, 2005, which expresses an unqualified opinion, contains an explanatory paragraph that states that CopyTele, Inc. incurred a net loss during the year ended October 31, 2005, and, as of that date, has an accumulated deficit, and among other factors raise substantial doubt about its ability to continue as a going concern. The financial statements and schedule do not include any adjustment that might result from the outcome of this uncertainty.

PART II

INFORMATION REQUIRED IN

THE REGISTRATION STATEMENT

Item 3. Incorporation of Documents By Reference.

The following documents filed with the Securities and Exchange Commission by the Company are incorporated herein by reference:

- (1) the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2005; and
- (2) the Company's Quarterly Report on Form 10-Q for the quarter ended January 31, 2006; and
- (3) the description of the Common Stock contained in the Company's Registration Statement on Form 8-A filed with the Commission pursuant to Section 12 of the Securities Exchange Act of 1934 on October 24, 1983, including any amendment or report filed for the purpose of updating such description.

All documents subsequently filed by the Company pursuant to Section 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended, prior to the filing of a post-effective amendment which indicates that all securities offered have been sold or which deregisters all securities then remaining unsold, shall be deemed to be incorporated by reference in this Registration Statement and to be part hereof from the date of filing such documents.

Item 4. Description of Securities.

Not applicable.

Item 5. Interest of Named Experts and Counsel.

Not applicable.

Item 6. Indemnification of Directors and Officers.

Generally, Section 145 of the General Corporation Law of the State of Delaware permits a corporation to indemnify certain persons made a party to an action, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise. In the case of an action by or in the right of the corporation, no indemnification may be made in respect of any matter as to which that person was adjudged liable for negligence or misconduct in the performance of that person's duty to the corporation unless the Delaware Court of Chancery or the court in which the action was brought determines that despite the adjudication of liability that person is fairly and reasonably entitled to indemnity for proper expenses. To the extent that person has been successful in the defense of any matter, that person shall be indemnified against expenses actually and reasonably incurred by him.

II-1

Article XIII of the By-Laws of the Company contain provisions which are designed to provide mandatory indemnification of directors and officers of the Company to the full extent permitted by law, as now in effect or later amended. The Company's By-Laws, as amended and restated, are filed as an Exhibit to this Registration Statement.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Company as disclosed above, the Company has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

Item 9. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

II-3

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use

CopyTele, Inc.

Ladies and Gentlemen:

We have acted as counsel to CopyTele, Inc. (the "Company") in connection with the preparation of the Registration Statement on Form S-8 (the "Registration Statement") filed by the Company with the Securities and Exchange Commission on the date hereof with respect to an additional 15,000,000 shares of Common Stock, par value \$.01 per share (the "Shares"), of the Company being registered in connection with the CopyTele, Inc. 2003 Share Incentive Plan (the "Plan").

As counsel to the Company, we have examined and relied upon originals or copies, authenticated or certified to our satisfaction, of all such corporate records of the Company, including the resolutions of the Company's board of directors and other records relating to the authorization, registration, sale, and issuance of the Shares, communications or certifications of public officials and such other documents as we have deemed relevant and necessary as the basis of the opinions expressed herein. In making such examination, we have assumed the genuineness of all signatures, the authenticity of all documents tendered to us as originals, and the conformity to original documents of all documents submitted to us as certified or photostatic copies.

Based upon the foregoing, we are of the opinion that each authorized and unissued Share to be issued by the Company, when issued in accordance with the terms and conditions of the Plan, and assuming no changes in relevant law or facts, will be validly issued, fully paid, and non-assessable.

We hereby consent to the filing of a copy of this opinion with the Securities and Exchange Commission as an exhibit to the Registration Statement and any amendment thereto and to any and all references to our firm in the Prospectus which is a part of the Registration Statement.

Very truly yours,

/s/ DUANE MORRIS LLP

CONSENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have issued our reports dated January 26, 2006, accompanying the financial statements and schedule, and management's assessment of the effectiveness of internal control over financial reporting included in the Annual Report of CopyTele, Inc. on Form 10-K for the year ended October 31, 2005 which are incorporated by reference in this Registration Statement. Our report accompanying the financial statements and schedule, which expresses an unqualified opinion, contains an explanatory paragraph that states CopyTele, Inc. incurred a net loss during the year ended October 31, 2005, and, as of that date, has an accumulated deficit, and among other factors raise substantial doubt about its ability to continue as a going concern. The financial statements and schedule do not include any adjustments that might result from the outcome of this uncertainty. We consent to the incorporation by reference in the Registration Statement of the aforementioned reports and to the use of our name as it appears under the caption "Experts."
